

Expanded Metal Mesh Series

Supermarket shelf hanging mesh

Supermarket wire mesh display panels are manufactured from high-quality welded steel wire with a powder-coated finish. Featuring a robust structure and high load-bearing capacity, they can be flexibly paired with various types of shelving to ensure neat product arrangement and efficient display.

Product detail

Product Name	Supermarket shelf hanging mesh
Material	Low-carbon steel wire
Surface treatment	Powder coating, electro-galvanizing
Wire diameter	3mm – 6mm
Mesh size	25×25mm / 50×50mm
width	300mm – 1200mm
high	300mm – 2000mm
Installation Method	Hook-type, welded-type
Application Areas	Supermarket and retail store displays, shelf displays, hanging displays, etc.
