Double-wire fence

The double-wire fence features a welded structure of double horizontal wires and a single vertical wire, enhancing overall strength and stability; it offers superior impact resistance and protective performance, making it suitable for various high-security applications.

Product detail

Product Name	Double-wire fence
Material	Low-carbon steel wire, galvanized steel wire
Surface treatment	Powder coating, PVC coating, hot-dip galvanizing
Wire diameter	6/5/6mm、 8/6/8mm
Mesh size	50×200mm
Mesh width	2000mm、 2500mm
Mesh panel height	1030mm、 1230mm、 1530mm、 1830mm
Column specifications	60×60mm, 80×80mm square columns
Structural characteristics	Welded structure with double horizontal wires sandwiching a single vertical wire
color	Green, black, gray, etc.
Connection method	Snap-fit connection and anti-theft bolt fixation
Packaging Method	Pallets, waterproof film, and steel strapping
Application Areas	Security and protection projects for industrial parks, schools, sports venues, airports, railways, warehousing and logistics centers, municipal engineering works, etc.
