

Steel Grating Series

Stair treads

The stair treads are made of non-slip steel grating or checkered steel plate; featuring a stable structure and high safety, they are suitable for various industrial and architectural staircases.

Product detail

Product Name	Stair treads
Material	Carbon steel, stainless steel, galvanized steel
Surface treatment	Hot-dip galvanizing, painting, and anti-slip treatment
Flat steel thickness	3mm – 8mm
Flat bar height	25mm – 65mm
width	240mm – 500mm
length	600mm – 1500mm
Cutting-edge genre	Anti-slip serrated / Plain type
Installation Method	Bolt-on / Weld-on Installation
Load-bearing capacity	Anti-slip, pressure-resistant, and impact-resistant.
Packaging Method	Pallet and waterproof film packaging
Application Areas	Industrial stairs, platform walkways, equipment maintenance accessways, etc.
